

## CRITERION B: RECORD OF TASKS

### Club Hub

Task number	Planned action	Planned outcome	Time estimate	Target completion date	Criterion
1	Finding a client and choosing an appropriate topic	Agreeing on the interview date, chosen field of computer science	1 week	18.09.23	A
2	Discuss my idea with computer science teacher	Approved topic	1 week	25.09.23	A
3	Interview with the client	Realization of the problem at hand	1 week	02.10.23	A
4	Define success criteria for the program	Finish with criterion A	1,5 weeks	09.10.23	A
5	Research of a suitable techniques for the problem	Chosen programming languages	1 week	16.10.23	C
6	Creation of login page	Finished draft of the authorisation page	4 weeks	06.11.23	C
7	Design of the interface	Plan and sketches of how the pages should look like	1 week	13.11.23	B
8	Draw all suitable diagrams (DFD, flowcharts, etc)	Finished criterion B	1 week	20.11.23	B
9	Proceeding with the “create event” page	Coded page with design from criterion B	2 weeks	27.11.23	C
10	Main page development	Finished main page with displayed events	2 weeks	11.12.23	C
11	Testing the features	Correct error handling, displaying events as intended. Database	1 week	18.12.23	C

		check			
12	Showing the prototype to the client	Approved further direction	1 week	25.12.23	C
13	Thinking about feedback	Implemented feedback field	4 days	01.01.24	C
14	Testing the final prototype	Passed all tests, information displayed appropriately	3 days	08.01.24	C
15	Show the final prototype to the client	Approved features during the final interview	1 week	15.01.24	D
16	Finishing up the code	Finished criterion C	2 weeks	29.01.24	C
17	Filming the video with all features shown	Finished criterion D	1 week	05.02.24	D
18	Finding the hosting provider	Hosted website	1 week	12.02.24	D
19	Last testing after hosting the webpage	All features still working	1 week	19.02.24	D
20	Evaluating the project	Realized shortcomings and strengths	1 week	26.02.24	E
21	Outlining the improvement fields	Finished criterion E	2 weeks	11.03.2024	E
